SEXUAL SCIENCE SERIES

Purity. Truth. Health. Happiness.

THESE are indisputably the BIRTHRIGHT of mankind: it is incontestable that the Creator intended us to enjoy them to the full. IGNORANCE is the cause of sin, suffering, misery and wretchedness. KNOWLEDGE is power—knowledge of the functions of the human body—a clean, pure mind—clear perception of what is right and wrong would have kept millions from untold suffering. PREVENTION is a thousand times better than cure and if this series can in some degree prevent the awful tragedies, sin, and unutterable misery which have disgraced all the ages the Publisher's object will have been achieved.

Thorsons' Publications.

Knowledge of the vital facts of life is a necessity to everyone. Recent advances by legal and religious authorities have created the definite stigma of illegitimacy that has taken place regarding the necessity for better birth control.

Dr. F. Norwood, the well-known Minister of the City Temple, addressing the Congregational Union, stated that "countless thousands of people are asking for guidance in connection with birth control. . . . Why not tell them that it is as legitimate for them to regulate the time and condition of the arrival of their offspring as it is to delay or hasten their marriage?" The following list of books by authoritative writers will provide the necessary information on any and every aspect of the subject.
