IMPORTANT

To most people the question of limitation of family is, from a variety of causes, of the highest importance, and to many a matter of absolute necessity, the only question being as to the safest and most convenient method to adopt; so should you, from motives of economy or by medical advice, wish to use preventives, care should be exercised to see that you use only those that are perfectly fresh and guaranteed.

WE GUARANTEE

All our Surgical Rubber and Pro-Race Goods.

SPECIAL NOTICE.

An enormous profit has been and is still being made on preventives by retailers. It is, therefore, our endeavour as Manufacturers, to reach the actual purchaser direct with these goods at a fair price. If you pay more than the prices quoted in our Catalogue, you are wasting your money, because it is quite impossible to obtain a better article than we supply. Every one is thoroughly tested before leaving our works and, manufacturing them in large quantities, we can supply you with them at wholesale prices.

It has come to our knowledge that an attempt is being made to foist on to the public Preventives bearing a similar description to ours and, presumably, the same quality at a lower price. It is impossible to obtain the value we offer elsewhere at any lower figure, or even at the price we charge. You are advised not to waste your money on spurious imitations. We would point out that we do a large wholesale business and in view of our enormous turnover we are in an unique position, enabling us to sell at much lower prices than those self-styled Manufacturers.

C.O.D.

All our goods can be ordered under the Post Office "CASH ON DELIVERY" System, no money being sent with the order. The amount of the purchase is collected by the postman who delivers the parcel, and in addition a small charge is made by the Post Office, which is charged to clients on all orders under the value of £2.

Orders to be sent under this system must be clearly marked—"DESPATCH BY C.O.D."

Goods can only be sent C.O.D. to places abroad upon receipt of a remittance for half the value of the order.

REMEMBER

Being the actual manufacturers we can give you a bona-fide guarantee that our goods are perfectly new. It is evident that any guarantee given by factors is worthless as their goods are not their own make, and they are invariably perished through being kept in stock too long. No other firm in England, either Wholesale or Retail, can supply you with goods of such perfect quality at our prices.

COMPLAINTS

If in any transaction you have had with us you have not been completely satisfied, DO please let us know, and we will do our best to put things right.

If you are without a copy of our 1933 List "C" of Medical Goods

GOODS ON APPROVAL & EXCHANGES.

All goods shewn in this catalogue are sent on SEVEN DAYS' approval under guarantee to exchange or instantly refund all monies paid on any article which fails to give entire satisfaction providing the same has not been used, is undamaged, and returned within seven days. In the case of exchanges, we would ask customers to send Remittances to cover cost of carriage.

GOODS RETURNED.

Full name and address must be put inside all parcels returned to us, as otherwise we cannot hold ourselves responsible for the safety of goods returned which bear no indication from whom they come.

To enable our customers to test the value of our goods we are putting up—

The Husband and Wife Combined No. 109d SAMPLE PARCEL.

20s. Carriage Paid, worth £1 17s. 3d.

The question of Birth Control (*i.e.* limitation of family) is to every husband and wife a matter of vital and supreme importance. A large and increasing family is a drain, not only on the health of the mother—which is of course the husband's chief consideration—but also on the financial resources of the home. It is only a reasonable argument that where the income is sufficient and adequate to properly maintain 2, 3 or even 4 children according to circumstances, there arises a time of grave and acute anxiety at the prospect of still further increases.

It therefore resolves into more or less of a duty to your present family to seek perfectly safe, correct and reliable means, by the adoption of some practical method, to prevent any unwelcome additions, and the object of this combined sample parcel is to enable the husband and wife to form an exact idea as to which method of prevention is most suited to their own individual requirements and incidentally afford them the opportunity of proving the wonderful quality and reliability of our goods which we as actual Manufacturers are able to offer.

We warn the public to avoid all such spurious imitations, as on their part the colour of the wrapper is no indication or guarantee of quality.

"Deminteste" Preventive.

No. 33

Our Latest Discovery.

Hitherto it has been impossible to obtain a preventive manufactured from gut possessing elasticity and this has rendered it unreliable; now, however, we have succeeded in overcoming this difficulty, and the "Deminteste," thanks to the secret of its manufacture, not only possesses great strength, but also perfect elasticity, and on this account is absolutely reliable and is thoroughly recommended. The advantage of the "Deminteste" is its great strength. Each "Deminteste" is tested and enclosed in a special Transparent envelope.

Being non-greasy, "Contraceptalene" does not affect the rubber and is also antiseptic and contraceptive.

"LEBRAFOAM"

No. 7

THE MOST EFFECTIVE CONTRACEPTIVE PREPARATION AVAILABLE.

The evolution of "LEBRAFOAM" was only made possible by reason of a patented "Tube within a Tube" which allows the necessary ingredients to be kept separate until the time of application.

When the tube is squeezed, the contents meet and mix in the nozzle which is fitted to the tube, resulting in the immediate formation of a ready-made spermicidal foam jelly, which, when placed within the vaginal passage, will penetrate the sulci and fornices, and cover the os uteri.

In this manner the spermatozoa are not only mechanically prevented from entering the cervical canal, but are also immediately killed by the several powerful spermicides, which are definitely harmless to the vaginal mucous membrane.

It is important that the preparation should spread quickly and fill the numerous crevices within the female passage, so that no male sperm can lurk there and become active at some later time. "LEBRAFOAM" does this definitely.

Sufficient material for one application is contained in each tube and in this matter medical experts have been consulted.

The nozzle for application has likewise been approved after numerous tests and can be used without fear of injury. This type bends easily and cannot do any harm.

"LEBRAFOAM"—possesses the following advantages:—

It gives immediate protection, since it is independent of time, temperature or moisture, and thus is an improvement on others.

It contains several powerful non-irritating spermicides. When the two jellies mix, a copious foam is produced which is still more spermicidal than the individual constituents, and forms a formidable barrier. This unique action can only be attained by means of the patented double compartment tube.

It does not contain any insoluble material and therefore cannot cause irritation. It is colourless, odourless, and does not stain.

The tubes are made of pure tin internally coated, so that no chemical interaction can take place, which might give rise to toxic effects.

Plain tubes are used to make disposal easy.

A preparation of this nature does not deteriorate even under extremes of climatic conditions.

The nozzle for application is of correct length and is unbreakable. In the interests of hygiene, a separate nozzle is supplied for each application.

It is easy to apply, and sufficient material for one application is contained in each tube. The contents are easy to use and afterwards the complete unit can be rolled up for disposal.

Douching may be carried out at any time if desired.

Price 5/- per box containing six tubes, Sample tube 1/- each.

What our Customers think of the Value of "Vi-Vims."

4, Bridgefoot Road,

Fareham, Hants.

Gentlemen,—I enclose order for another box of "Vi-Vims." I must say what I have observed, viz., they have saved a lot of suffering from this so-called "Flu." When noticing four of my clerks developing symptoms, I gave each man four pills to take as directed, and same were taken overnight, at that time two were not able to carry out their duties. The whole four were fit and back at their desks in the morning. Yours faithfully.

G. A. J. Humphries.

Hospital Ship Main,

Lamlash, Arran, N.B.

Gentlemen,—I feel I must write to tell you of the most wonderful curative power of "Vi-Vims." I have just finished the first bottle, and I am quite restored to health. I have been trying all kinds of Nerve foods and tonics, but I have never found anything to equal "Vi-Vims" for restoring lost Vigour and Vitality. I only wish I had known of them before. Unlike other so-called tonics, they do not constipate the bowels. On the other hand I found them to regulate them. They are undoubtedly a most excellent preparation. I shall be glad to make them known to anyone suffering from weakness or nervous breakdown.

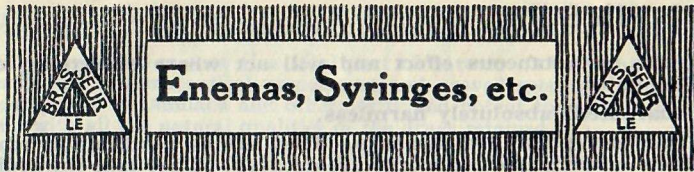

A. E. Lindfield.

WARNING.

We specially desire to warn the public against many fraudulent imitations which have been put on the market. In many cases our Registered Trade Mark Name has been closely imitated, and the well-known properties of our remedy have been unjustly claimed by Quack Medicine Dealers.

"VI-VIMS" ARE REGISTERED. Always see that the registered name and number—"Vi-Vims" Registered No. 330522—is plainly marked on the bottle. Substitutes are extremely dangerous to your health.

Enemas, Syringes, etc.

The Famous "Braspray" Syringe No. 53

(Reg. No. 353512) Recommended by the Leading Physicians.

VALUABLE TESTIMONY.

A Doctor writes:—

London, W.

"I have given your 'Braspray' a very thorough test and find it is splendid in its action. It is a syringe every woman ought to have and I shall always recommend the same to my patients." J.S.S., M.D.

The "BRASPRAY" Syringe has a very powerful flushing action, and by permitting the water to come in direct contact, thoroughly cleanses the entire surface.

It is well known that regular injections are recommended very strongly by doctors as a very important agent for many ailments of women, and for this purpose the Syringe has been specially devised. We are often asked to recommend a spray which cannot fail in its action, and we have no hesitation in saying that the "Braspray" Syringe meets the requirement exactly.

There are no screws, pipes or valves to get out of order; it has extreme simplicity of action; is easily cleansed; no leakage is possible, and it will last for years.

Unlike other Syringes, our "BRASPRAY" has an extra large bulb, the largest it is possible to make, and holds considerably over NINE FLUID OUNCES. The spray regulator can be adjusted to control the flow; when the bulb is released the liquid is again drawn into the bulb.

The "BRASPRAY" is made at our works, each one is subjected to a very severe test, and is therefore absolutely perfect.

Origin.

Like most other valuable remedies of world-wide repute, **Le Brasseur “TRIUMPHS”** were only discovered as a result of many years’ scientific research. Day by day the untiring efforts of persistent scientists are bearing fruit, and new remedies and treatments are found for ills and troubles which a little while ago were regarded as hopeless and incurable. Many men have won fame and distinction by devoting their life’s energies to the battle with Nature’s diseases and ailments. **Le Brasseur’s “TRIUMPHS”** possess remarkable remedial powers and are a never-failing remedy. There is nothing to equal them, or anything so widely known.

Another reason why **“TRIUMPHS”** are so totally different to other Female medicines is that they contain no obsolete and poisonous drugs such as are still being used extensively in Quack “remedies.”

“TRIUMPHS” are absolutely harmless. They brace up the whole system, and are invaluable to business women, as they do not interfere with one’s usual occupation, and **do all that they are claimed to do almost immediately.**

We have always found that **“Honesty” is the best policy.**—

Approved by several Eminent Physicians.

And have been found invaluable by thousands of women throughout the world. Every purchaser sends back a testimonial, as failure is impossible, and relief is afforded in every instance. They have been universally proclaimed **UNIQUE AND MARVELLOUS.**

The Reason of the “Triumph’s” much envied Reputation

Is that they cannot injure the most delicate.

“TRIUMPHS” invigorate the whole system. These advantages are guaranteed by **NO OTHER** Remedy. Our guarantee is your protection.

IMPORTANT.— **“Triumph” Pills are put up in Air-tight BOTTLE (not boxes) thereby ensuring their strength retains powers.**

If at some time or other you have been deceived into using a worthless “remedy,” you will naturally be somewhat cautious as to what you buy in future. **Do not be afraid to test Le Brasseur “TRIUMPHS.”** You will appreciate that it would be very bad policy for a responsible Company like ourselves to make vain and empty promises.

WE GUARANTEE “TRIUMPHS” TO BE PURE AND RELIABLE.

Every woman sufferer should at once try something to relieve her, and the **Best Medicine** is a Pill which dissolves within the body and gets in direct touch with the inner working of the system.

Do not **waste your Money** on useless remedies so extensively advertised by quacks, who frequently trade under four or five different names and addresses. We have no connection with any other advertisers.

We carry out that policy to the letter

"TRIUMPHS" will be found invaluable in all such cases as the following.

Headache, Depression, Constipation, Backache, Acute Flushes, Weak Back, Swollen Abdomen, Soreness in Abdomen, Falling of Womb, Blood rushing to the Head, Scanty and Painful Menses, or Hæmorrhage of the Womb, Whites, Weakness, Faint and Dizzy Spells, Change of Life, Tender and Sensitive Spots in the Spine, Shooting Pains in the Abdomen, Swollen veins in lower limbs, Nervousness, Irritability, Dysmenorrhœa, Amenorrhœa, Leucorrhœa Chlorosis, Anæmia, Changeableness, Hysteria, Pains and tired feelings in the Limbs and Hips.

In all cases "Triumph" Pills will quickly restore you to your usual health. Our Sworn Testimonials will show you what they have done for others.

Tunbridge Wells.

Dear Sir,—I was going to send for the 23/—“Triumphs,” only there was no need to do so. I cannot speak too highly of your kindness, and I have told a good number of friends and given them your address. You may do just what you like with this letter, or refer anyone to me. I will just speak what I have written to you. Thanking you once again.

Yours faithfully, A.R.

Manchester.

Dear Madam,—I am delighted to state that the Silver-Coated “Triumphs” which I obtained from you have entirely relieved me without the slightest discomfort. I think they are without parallel, and a very excellent remedy.

Mrs. S.

Maidstone, Kent.

Dear Sir,—Although friends of mine had told me of your wonderful “Triumphs” with the numerous useless remedies on the market it was small wonder that I got a bit dubious of such things; a few doses of your Pills soon however converted me and you can with pleasure number me amongst your big list of grateful customers.

Yours faithfully, Mrs. E.

Bideford, Devonshire.

Dear Madam,—The Pills you recently supplied to me have proved a great blessing in my case; nothing that I have previously tried ever did me any good, which from my own personal experience speaks wonders for your “Triumphs.”

Yours faithfully, Mrs. S.

Taunton, Somerset.

My Dear Madam,—It is a pleasure to write you regarding your “Triumph” Pills. All you claim for them I can vouch for, and more as instanced by the remarkable benefit I have derived from them, if only I had known of them sooner I could have been spared previous worry and anxiety. I can honestly say I feel a different woman since I took to using them.

Gratefully Yours, Mrs. A.K.L.

Banbury.

Dear Madam,—Allow me to thank you very much for the immediate relief I obtained from your Gold-Coated “Triumphs.” I purchased them through the recommendation of a friend whose opinion I value very much and she assured me of their wonderful qualities about which I also cannot speak too highly.

“TRIUMPH” PILLS TESTIMONIALS—continued.

Shrewsbury, Salop.

Dear Madam,—I have only one regret regarding your “Triumph” Pills, and that is, had I only known of them sooner. I see now the difference between worthless remedies and genuine ones and yours of course I need hardly add are the latter. Their effects were, greatly to my relief, apparent in a few hours for which I have reason to be more than grateful.

Yours truly, E.B.

Sunderland.

Dear Sirs,—Your Parcel which I ordered was duly delivered yesterday, and I was more than delighted with the goods received. Your method of cash refunding in the case of the purchaser not being satisfied is very good, but I would be very much surprised if you ever had to refund the money, so perfect are your goods. It is simply wonderful to me how you can supply such an enormous parcel at such an absolutely low price. Should you desire, you may use this letter of thanks, of course suppressing my address and name.

Yours delightedly, E.T.

Northampton.

Dear Madam,—I received “Triumphs” a few days ago and much to my surprise they put me right in a few hours. In future I shall never be without them. How different your Tablets are to others I used to try—now I have tried them I am convinced that they have positively no equal.

Yours faithfully, Mrs. B.F.

" THE COUNTRY GENTLEMAN AND LAND AND WATER " says—

SHOPPING BY POST.—Shopping through post is now quite the thing, Messrs. Le Brasseur Co., Ltd., are one of the pioneers of the business, and have a **Reputation second to none.** As a **guarantee of their Straightforward dealings**, all their goods are replaced by others if they are not exactly what the purchaser requires.

" THE WAR OFFICE TIMES AND NAVAL REVIEW " says—

Le Brasseur Co., Ltd., the well-known firm of Birmingham, London, Wolverhampton and Plymouth, of whose business methods we hear the best accounts, have established a big business by many years' **scrupulously fair trading.** Their success has been achieved by the supply of **sound articles.** They are the **actual manufacturers** of their own goods, a fact which accounts for the extreme moderation in price, an idea which can be gathered by a glance at their Catalogues, and, while daily replenishing their large stock with goods that they guarantee, they are able to sell at **exceedingly low prices**, owing to the system by which the **Customers and Manufacturer divide the profits.**

" THE UNITED METHODIST " says—

We have evidence to justify the assertion that Le Brasseur Surgical Manufacturing Co., Ltd., of 90, Worcester Street, Birmingham; 12 Mortimer Street, London, W.1.; 14, Bilston Street, Wolverhampton and 3 and 5, Athenaeum Arcade, Plymouth, **have in their new Scientific Treatment for Rupture, the soundest and most successful cure for this terrible affliction** ever placed within the reach of the sufferer. By its unbroken record of success the Treatment has fully merited the recognition of Medical Authorities and is regarded as a striking advancement on all previous old fashioned and unsuccessful methods. The big weekly increase in the number of cases that Le Brasseur are called upon to undertake is further and unmistakable proof of the Company's ability to cure Rupture. We could give no better advice to all ruptured persons than to give this treatment a trial, as the risk of dis-appointment or failure is fully covered by the Company's remarkable offer to forward the treatment on approval.

" THE PHARMACEUTICAL JOURNAL " says—

Le Brasseur Surgical Manufacturing Co., Ltd., have opened an extensive branch office in Birmingham. Their new premises are stocked with every kind of surgical goods and appliances, and those firms who are not already doing business with them are invited to write at once for their revised price list. **They spare no pains to afford every satisfaction to their customers**, and the fact that they manufacture their own goods accounts for the **extreme moderation in their prices.**

" THE METHODIST TIMES " says—

No discovery of modern times has been so far-reaching in its service to suffering humanity than the "Varenecose" treatment for Varicose Veins, which has been registered by Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London, Wolverhampton and Plymouth. Prior to the discovery of "Varenecose," Varicose Veins were admittedly a source of great anxiety to doctors, **and the high opinions expressed by the medical profession with regard to the "Varenecose" Treatment, which has actually cured cases regarded as incurable,** is a great compliment to Le Brasseur's wonderful achievement. The unremitting care given to each case is undoubtedly a big factor in the extremely high percentage of successes recorded, and the fact that the Company have no hesitation in sending it on approval is proof that they have the most complete confidence in their treatment.

" THE PHARMACEUTICAL JOURNAL " says—

Le Brasseur's "Autocrat" Pneumatic Rupture Appliance is a contrivance of which the inventors speak in very high terms. The Company has constructed this appliance on the principle that **if something could be devised to hold the rupture successfully**, nature herself would repair the weakened muscles and tissues. This Le Brasseur claim to have done, **and they guarantee that the appliance will hold the rupture under all circumstances.** An interesting booklet is supplied by the Company, copies of which may be obtained by applying to Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., 90 and 92, Worcester Street, Birmingham.

"THE BRITISH AND COLONIAL DRUGGIST" says—

Since Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., the well-known firm, have been established at 90 and 92, Worcester Street, Birmingham, England, their business has increased rapidly, and **this success is sufficient evidence of the satisfaction of their numerous clients.** All business is conducted in a purely confidential manner between the company and its customers, and the motto of the firm is "**lowest price, highest quality, quick delivery.**"...A Catalogue of the firm's products may be obtained on application.

"THE WESLEYAN METHODIST" says—

Le Brasseur Surgical Manufacturing Co., Ltd., the well-known firm of 90 and 92, Worcester Street, Birmingham, London, Wolverhampton and Plymouth, have revolutionised the treatment of Varicose Veins, Ulcers, and every other leg complaint, by a new method, which is registered under the name of "**Varenecose.**" **They have already earned the highest approval of the medical profession, and gained a popularity that is world wide.** They have on record evidence of several cases where **their new treatment was most successfully applied after an operation had failed.** The most stubborn cases must yield under the influence of "**Varenecose.**"

"CATHOLIC HERALD" says—

Readers who suffer from that most distressing of all maladies—rupture—will be gratified to learn that Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London, Wolverhampton and Plymouth, have an **excellent remedy for permanently curing this agonising complaint.** All sufferers from rupture can, with every confidence, place themselves in the hands of this firm, when the results obtained will prove equally gratifying as in numerous other cases already successfully treated. That the Company have the fullest confidence in their new treatment is justified by their willingness to send it on trial, an offer of which sufferers are well advised to take advantage. From the batch of unsolicited testimonials received it appears that there can be no weak spot in the treatment. **A sufferer for fifteen years can be making no mistake when he states that he is permanently cured.** This is the general tone of every other letter.

**"HEALTH AND EFFICIENCY" says—
VARICOSE VEINS CURED.**

Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London, Wolverhampton and Plymouth, **guarantee to positively and permanently cure Varicose Veins, Bad Legs, etc., without operation, drugs or bandages,** by a new scientific method. This claim is abundantly confirmed by the sheaf of unsolicited Testimonials we have seen. One of the letters tells of a leg that has been bad for nine years and is now perfectly cured. Another sufferer records thanks for the complete cure of a very bad Varicose Ulcer. The patient states it was once agony to stand for a short while, but she can now stand for any length of time without pain or discomfort, and walking is now a pleasure instead of a painful task. "**I am cured**" write many others. Readers who may be suffering the agonies and discomfort that Varicose Veins bring in their train would be well advised to give this treatment a trial. **The Company have the fullest confidence in their treatment by their offer to send it on approval.** We feel sure that the result will prove equally as gratifying as it has been in many other cases.

"HOME TOPICS." Is Rupture Incurable ?

Very successful work is being done amongst sufferers from Rupture by Le Brasseur Surgical Manufacturing Co., Ltd., of 90/92, Worcester Street, Birmingham, also of London, Wolverhampton and Plymouth, who have introduced a new treatment for completely curing this complaint. **The unquestionable superiority of this new method is proved by the extraordinary number of testimonials which have been received from former sufferers,** a large percentage of whom experienced no improvement in their condition by trying other treatments and yet were completely cured by Le Brasseur's methods. This firm have long since exploded the theory that Rupture is incurable.

"THE BAPTIST TIMES AND FREEMAN" says—

No invention for the alleviation and permanent cure of Varicose Veins, Ulcers, Bad Legs, etc., has achieved such wonderful results as "**Varenecose,**" the discovery of Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London, Wolverhampton and Plymouth. They have already established a high reputation and gained the complete confidence of the public by their conscientious and straightforward methods. **The "Varenecose" treatment is sent on approval, an offer which all sufferers should accept as proof that the Company can positively and permanently cure Varicose Veins, Ulcers, Bad Legs, etc.** Judging from the remarkable cures which this treatment has effected in seemingly the most hopeless cases, as evidenced by numerous unsolicited testimonials we have read, it is no exaggeration to say the "**Varenecose**" is fully recognised to be the most reliable treatment for all sufferers from Varicose Veins, Ulcers, Bad Legs, etc.
