

"PAREE."

THE LATEST IMPROVEMENT IN HYGIENIC PREVENTIFS

FOR many years we have been working consistently in our laboratories improving these surgical appliances, and now we present the "Paree" with full confidence that our aims have been realised. Up to the present these goods have all been made in a way which, whilst producing a reliable article, nevertheless they have all had effects which have impaired the natural pleasure, and in consequence have almost had a detrimental effect on the health, especially of highly strung and sensitive people.

Not so with "Paree." Your pleasure is still natural and you can be assured of no detrimental effects.

You have become a purchaser, and we are confident you will continue to use this new and up-to-date article.

Roll the "Paree" carefully on your two fingers and then fit by unrolling, do not pull on.

Always ask for "Paree" or "Three for 2/6"; and if you are away from your usual supplier, send him a card and he will be pleased to send you a supply post free in plain envelope.

TO HELP YOU.

Just hand this slip over the Counter
or send per post.

PRESCRIPTION.

ONE BOX

“**PARÉE**”
(3 for 2/6).

GET THE GENUINE.
