KAYDOR RUBBER PRODUCTS.

Sole Distributors for

MORFI

APOLLO

FROMMS ACT

PROTEX

PURETEX

LEEDO

FEMINOSAL

PATENTEX

DOCTOR'S ADHESIVE PLASTERS

Etc., Etc.

Please study this Price List carefully and you will find many articles which will certainly interest you. Compare our prices with our qualities and you will find out the great advantage by yourself.

Registered Trade Mark.

MORFI PRODUCTS are made in our well known FROMMS ACT Works, which have been recognised as the most hygienic and up-to-date accommodations for the manufacture of Medical and Surgical Rubber Goods. Rubber is "non-conductive," but the texture of the MORFI preventative by a special scientific treatment is made "conductive," and this is why the natural feeling is scarcely impaired. Each MORFI Preventative is thoroughly tested before being packed, and no re-testing is necessary.

BEWARE OF IMITATIONS.

The MORFI packing is registered and owing to its popularity many imitations of a similar packing have been unsuccessfully tried to be put on the market at cheap prices in order to deceive the purchaser. Our customers should, however, consider that the preventatives packed by imitators, though seeming similar, could not possibly attain the high quality and reliability of our MORFI Brand.

Recently someone even tried to copy the MORFI name and design, and after prosecution was sentenced to hard labour.

It is in the interest of all our customers to maintain for MORFI a fixed retail price which is printed on the packets.

MORFI TRANSPARENT. T/E or plain end per gross 27/-

Fixed Retail Prices:—

1/- each;
2/6 per packet of 3;
5/- per packet of 6.

MORFI IVORY. Teat end or plain end Per gross 24/-
Fixed Retail Prices—

9d. each;
2/- per packet of 3;
4/- per packet of 6.

Excellent advertising packing; each piece in printed Morfi-envelope, and according to customer's requirements, packed in attractive printed boxes of 3 or 6 envelopes, each packet of 3 or 6 contains literature and prescription. 12 and 6 packets respectively in an advertising carton which can be used as show matter.

As there are many Chemists who cannot obtain 2/6 per packet of 3, we are packing now our Standard Transparent Quality under another Brand called "PROTEX," which represents our well-known MORFI Transparent Quality and could be retailed at less than 2/6.

Protex
TRANSPARENT.

T/E or plain end per gross 27/-

Excellent advertising packing; each piece in printed Protex- envelope, packed in attractive printed boxes of 3. Each packet of 3 contains literature and prescription.

12 packets of 3 in an advertising carton which can be used as show matter.

Fromms Act

GENERAL CRITICISM:

Some very good points.

Either bad translation or else written by someone without fluency in colloquial English.

Honest

Some inaccuracies

Advise re-writing and the addition of a small pricelist for the medical profession as you dont want to send them a list containing "pink pills" and enemas, etc.
